Dear Parents and Carers

Local Advisory Boards

Seckford Education Trust understands the important role that local advisory board members play in providing the very best for our students. They know the communities and the schools in which they serve and are the best equipped people to support school leaders and to secure the best educational provision for the students within them. We have exceptional people on our local advisory bodies.

SET local advisory bodies have two main roles:

1. To support and advise the Head of School with the aim of improving the relevant SET School.
2. To provide a local perspective regarding the effective operation of the school

Working in partnership with the local community is an important part of my role and we are now looking to recruit new advisory board members, with the right motivation and skill set at SET Saxmundham.

If interested in joining one of our LABs, please email:
jskelt@seckford-foundation.org.uk.

I do very much hope that you will be willing to work with me and my senior team as SET Saxmundham embarks upon the next chapter of its journey.

Yours sincerely

Mrs Girling

Head of School
SET Saxmundham
